Augustana
Apple Valley Campus
We start with services that make it possible for individuals to live productively in their own homes. When this is no longer feasible, we provide enriching living environments that help residents stay connected to their support systems and personal passions.

Founded over a century ago, Augustana Care remains committed to a mission of compassionate service. We understand the importance of helping older adults stay connected to those things that have brought meaning to their lives.

Our focus is on providing a place where older adults can thrive and feel at home.

Spiritual care is also a vital part of the Augustana Care experience. Chaplains and volunteers are dedicated to providing spiritual and emotional support to residents and families from a variety of cultures and backgrounds.

We invite you to visit, share a meal with us, and experience life as it is lived and celebrated at Augustana Care. You are always welcome!

fostering fullness of life

Older adults are vital to our communities. New experiences, relationships and giving back to the community are all important aspects of their lives.

At Augustana Care, we provide services that help older adults celebrate life as they live it to the fullest.
Celebrate life with all the comforts of home

Surrounded by greenery and a sparkling pond, the Augustana Apple Valley campus combines charm, convenience and community. Here, you’ll find a friendly staff dedicated to hospitality and your well-being.

Choose from a variety of life-enriching activities, including exercising in our warm-water therapeutic pool, joining a reading group, playing cards and Wii™ bowling. Area restaurants, events and shopping are easily accessible through regularly scheduled complimentary transportation.

As staff members typically work on campus for many years, they tend to build close relationships with residents, creating a family atmosphere.

Apartment residents are welcome to bring small pets—so there’s no need to worry about leaving a treasured companion.

Our continuum of care will allow you to rest easier with more peace of mind.
